KAMISHIBAI STORY: COLORED EMOTIONS

Kindergarten IZVOR, Zagreb

0. COLORED EMOTIONS

1. FEAR - **Dark like a black hole.** (english)

I get really scared when I see hornets. I have to "freeze" so that it doesn't sting me. When the hornet leaves, I am no longer afraid.

2. CARING - Blue like a sky. (english)

If someone falls, I can help them, give them a hand.
If he cries, I can hug him. I love to help!

3. SURPRISE - Green like a dinosaur. (english)

If I got a puppy or a cat as a gift, I would be really surprised.
I would say: "O-ho-ho....great!"

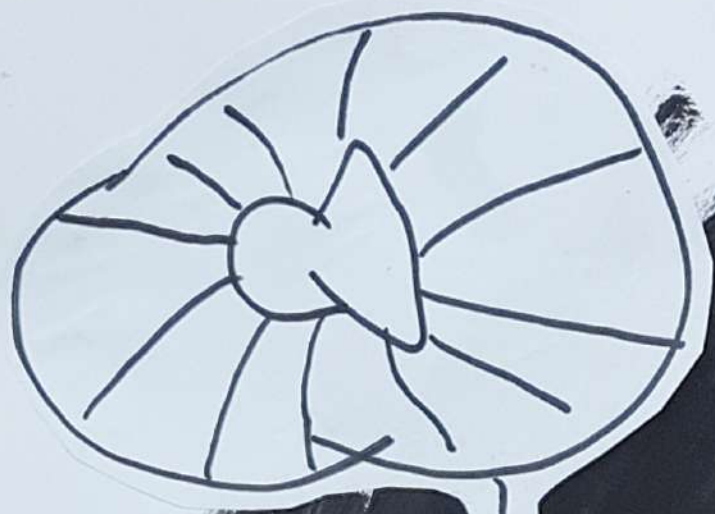

4. ANGER - Black as fire. Čřlena kakti ogenj. (kajkavian dialect)

I get angry when I talk and no one listens. Then I turn red like a red STOP light at a traffic light. If I take a deep breath, it calms me down!

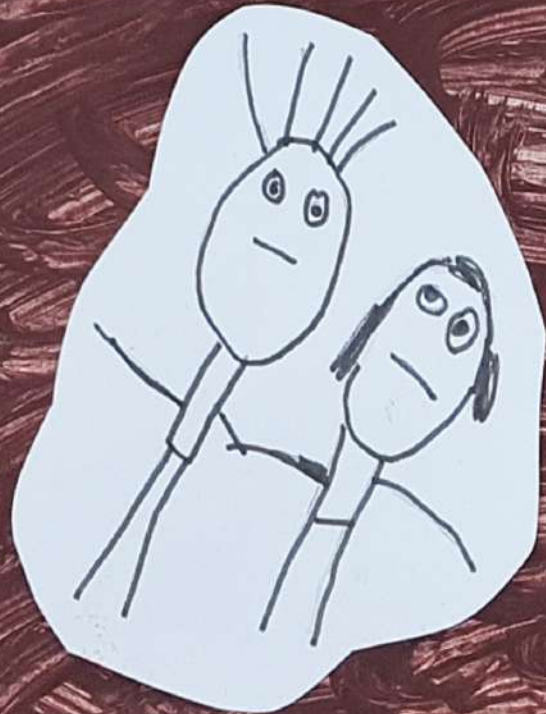

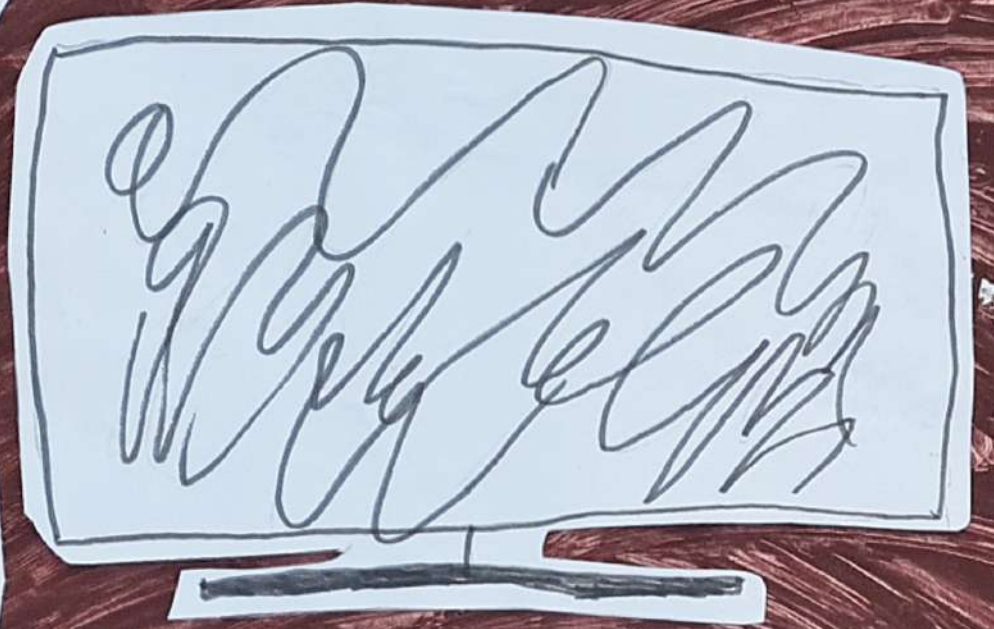

5. DISGUST – Gray as dirt. **Sivo kakti zakajeno** (kajkavian dialect)

I hate seeing dog poop all the time. Even worse is the smelly car smoke. I have to hold my nose sometime. Maybe the new "accumulators" could stop the smelly and harmful smoke.

6. SADNESS - Black as night. Črna kakti kmica (kajkavian dialect)

I'm sad when no one will play with me. I feel lonely!

7. CONCERN - Brown as an acorn. **Marrom como uma bolota.** (portuguese)

I heard on television that a little girl had disappeared. I was very worried. That's dangerous!

8. JEALOUSY - Pink like a flower. *Rosa como uma flor.* (portuguese)

Big cat Mema doesn't give the little cat a toy to play with. When the little kitty takes a ball of wool, Mema runs and immediately takes it from her because she is jealous.

9. LUCK - Yellow like the sun. **Amarelo como o sol.** (portuguese)

The color yellow is as beautiful as the sun. I'm happy when I'm playing with my friend. I feel cheerful and happy!

10. LOVE – Colorful as fireworks. Šarena kao vatromet (hrvatski)

The greatest love is with mom and dad. My brother and I are on the couch, and mom and dad are dancing.
